**THE CASTERBRIDGE CARRIAGE COMPANY** is proud to offer a bespoke wedding service designed just for you which will make your special day memorable and unique. 

---

Our traditional-style wedding landau is always maintained in immaculate condition and is equipped with bowspring suspension and disc brakes – all of which ensures that you travel in complete comfort and safety. 🐾

The carriage comfortably accommodates four adults or two adults and three small children. There is a glass-fronted frame with side windows that can fold away under the driver's seat, allowing the landau to operate open, partially open or fully enclosed. It is the perfect choice when challenged with Britain's unpredictable weather – on cold days we provide you with rugs and our special hotty bottles.

Our experienced and stylish Friesian horses are ideal due to their calm nature. They pull with grace and ease, covering up to 10 or 12 miles a day depending on the terrain. This offers a chance to reflect on the moment and creates a perfect episode in the photographic record of your day.

We offer a fully flexible service and can provide as much or as little as you require, whether driven by budget or the desire to put on a spectacular show. We will always discuss your requirements down to the fine detail – we know that everyone is different in their needs and wishes.

---

We invite you to visit **THE CASTERBRIDGE CARRIAGE COMPANY** at our Nutley Farm stables, where you can meet the horses and see the beautiful landau we use for our weddings.
